DA Records Management Officer

SUBJECT: Duplicate Histories

REFERENCE: Memo for DA/RMO fm History Staff,

STAT

I have located the final history that you requested in referent memorandum. This history, OS-8 Security Program of the CIA, contains Compartmented Information and is in the custody of the Office of Security (OS). OS would prefer not to disseminate copies outside of the office. We would like for the History Staff to indicate this fact in its records and if OS-8 is ever needed as a reference, it can be borrowed from OS by calling the OS/RMO or the DA/RMO.
